DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Chapman et al (5626919).

Chapman teaches the imaging means (10, 16) for exposing the layers, a vessel (44) for containing a fixed amount of composition (46), a movable platform (41) disposed within the vessel, the means to transfer (43) a part of the composition above the free surface and layering means (73).
